OnGuard Product Guide - 2019

Our OnGuard 'PLUS' program is designed to specifically meet the training needs of the Australian education sector. We can provide a more basic program: IndTech or LiTE. These two products are basic in function and include ONE Teacher Registration.

We can tailor a training package to your specific curriculum requirements and budget constraints.

PLUS and STEMM products – At start-up there is a 'Teacher Registration'. It is a once-off payment. It is \$100 + GST per teacher. An annual SUBSCRIPTION is allocated to each training unit across the product range – it is invoiced annually.

EACH training unit's Annual SUBSCRIPTION is a SET LIST PRICE = \$20 per unit per year. Training units grouped into packs attract a 25% discount – \$15 per training unit per year, when the ENTIRE pack is purchased. Discounted price is indicated next to each pack title.
ALL PRICES LISTED ARE EX GST.
