OnGuard Product Guide – 2020 – v3 April

Our OnGuard 'STEM' safety training program is designed to specifically meet the training needs of the Australian education sector. Let us tailor a training solution to suit your specific curriculum requirements and budget constraints.

At initial start-up there is a 'Teacher Registration Fee'. It is a once-off payment – paid on the first invoice. *It is \$100 + GST per teacher.*

We do not charge a site licence fee and we do not charge per seat student licences. Your product licence is UNLIMITED.

Annual SUBSCRIPTIONS are allocated to each training unit across the product range – they are invoiced annually. EACH training unit's Annual SUBSCRIPTION is a SET LIST PRICE = \$20 per unit per year. Training units grouped into mini-packs attract a 25% discount – \$15 per training unit per year, when the ENTIRE mini-pack is subscribed. The discounted mini-pack price is indicated in brackets next to each mini-pack title. ALL PRICES LISTED ARE EX GST.
